### *A Modern Novel of the Divine Feminine...*

**The real power of Women...** revealed in an ancient alchemy lost for thousands of years, returned to Women in the Ceremony and the Meditation practices of “The Gift” by Diana Rose -- creating The Beloved in our times. Is it the Woman who will create a new partnership and loving sensuality in a higher dimension? *The Women of 2012 and beyond. Only the Woman can give The Gift...*

“...This amazing and wondrous book, *The Gift*, by Diana Rose... *The Gift* could well be as revolutionary as it seems. I have no way of knowing, but it’s got a better chance than American Foreign Policy...” -- **Ronald Hufham, The Mirror Theater**

“...*The Gift* offers its readers and the world a healing that is almost impossible to describe in words...” “...a highly readable and practical guide into an ecstatic realm of sexual intimacy between loving couples.”  
-- **Robert Zadek, President, MacroThinking Inc.**

“...Before I read even the first page of *The Gift*, Mary Magdalene came through to me, pulsating ever increasing waves of love until I was shaking all over...”  
-- **A. Manering, Intuitive Counselor**

“...I would love for *The Gift* to be in the hands of all young parents -- or any couple who want to become parents... *The Gift* speaks of the state of mind, the state of heart for conception.”  
-- **Roy Ozanne, M.D., WholeHealthPrograms.net**

“...Diana Rose has brought forth a book that has the potential to **spark a revolution**. To balance the energy of sexuality in our culture will only make a **global change** we desperately need.”  
-- **Sara Pelfrey, Owner, Soul Food Books**

...A corporate woman executive on an island in the Pacific near Seattle becomes entranced for a week and “receives” a book called *The Gift*... An allegory with detailed instructions for an ancient Ceremony of Love, meditations which increase bonding between Women and Men, the practices for Women to bring deep, loving universal forces and a deeper honor between Women and Men and between Women and Women, to awaken the Divine Feminine Voices. An alchemical process of ascension and empowerment born in a healing Ceremony of Love which speaks of caring for *all* Children, if we are to restore fertility to the planet.
